User Electronic Mail Authorization Form
Patient Portal: My Care Plus

My Care Plus, the Patient Portal, offers convenient and secure access to your personal health record. As the patient, you are in control of your Portal record: we will not activate your personal account unless you authorize us to do so.

Because personal identifying information and other information about your health and medical history is available via the Portal, it is very important that you keep your password private. Do not share your password with anyone or write it in a place easily accessible to others.

If you choose not to execute this User Electronic Mail Authorization Form, you will not be able to access the Portal. If you choose to submit this form, you understand you are consenting for us to email you a unique link that you will use to create a password in order to access the Portal. Please look for an email from My Care Plus promptly after submitting this form. For your protection, the link is designed to expire quickly if not used. If you should change email addresses, please contact your physician's office in order to provide your new email information so that you will continue to receive updates and other pertinent information about the Portal or your record. Please choose an email address [one email address per patient] that will not be subject to access by anyone you do not trust.

If you wish to discontinue utilizing the Portal, please contact your physician's office.

Terms

You are receiving access to the Portal, the terms and conditions of the Portal shall apply to this User Electronic mail Authorization Form. Please write legibly.

SHENANDOAH ONCOLOGY

Specializing in Cancer Care & Diseases of the Blood

Maggie Kinsey, LCSW

Care Coordinator

Maggie comes to Shenandoah Oncology with nearly a decade worth of experience as a social worker within the medical setting. She graduated from George Mason University with her Master of Social Work Degree with a focus in Clinical Practice, then continued on to achieve her professional goal of becoming a Licensed Clinical Social Worker (LCSW). Within the clinic setting, Maggie can offer supportive counseling to a patient or family member who may be experiencing difficulty coping with receiving their cancer diagnosis and the potential challenges that can follow. Her goal is to be able to offer the individual an opportunity for improved emotional and mental well-being through access to available resources as well as an opportunity for reflection. Maggie is also available for practical needs, coordination of care, and discussions surrounding Advance Care Planning.

- Provides psychosocial support including counseling, information and resources
- Promotes coordination of care
- Assists with financial guidance (in coordination with the patient financial counselors)
- Offers connections to community resources for transportation, housing and/or expenses
- Facilitates Advance Care Planning discussions
- Guides end of life discussions and hospice referral assistance

CONSENT TO TELEMEDICINE

By signing this document, you have agreed to receive care using telemedicine. Telemedicine enables health care providers at a different location than yourself to provide safe, effective, and convenient care using technology. There are risks associated with the use of telemedicine, including equipment failure and information security issues. You also understand that we cannot physically examine you.

We at Shenandoah Oncology often prefer face-to-face visits with our patients, however, sometimes the use of telemedicine is safer and more convenient; for example, in the event of an illness, COVID-19, inclement weather, etc.

By signing this document, you agree that you have access to a smart device with video and audio capabilities (such as a tablet, desktop computer, or smartphone) for the telemedicine visit.

Our providers are licensed in Virginia, so by signing this you are agreeing to accurately report your location for the telemedicine visit, which must be in Virginia.

By signing this you endorse understanding the potential risks of telehealth to include, but not limited to, distortion of images resulting from electronic transmission issues, delays in evaluations/treatments due technical difficulties or interruptions, unauthorized access to my information, or loss of information due to technical failures. I will not hold Shenandoah Oncology accountable for such issues or sequelae.

I also endorse understanding that my providers rely on the information provided by me in our telemedicine visit and that I must provide updated/accurate information about my current and past medical history.

If you are determined to be eligible for a telehealth visit, you will be provided information on how to log on to the platform. The use of this platform helps to protect your health information.

Telehealth FAQs

What is telehealth?

- Telehealth is a way to visit with a healthcare provider using technology.
- You can talk to your provider from any place, including your home.

How do I use telehealth?

- You talk to your provider by phone, computer, or tablet.
- You use video so you and your provider can see each other.

How does telehealth help me?

- You don't have to go to a clinic to see your provider.
- You won't risk getting sick from other people.

Can telehealth be bad for me?

- You and your provider won't be in the same room, so it may feel different.
- You will not have a full physical exam during a telehealth visit.
- Your provider may decide you still need an office visit in person in our office.
- Technical problems may interrupt or stop your visit before you are done (see consent for additional risks).

Will my telehealth visit be private?

- If people are close to you, they may hear something you did not want them to know. You should be in a private place, so other people cannot hear you.
- We use telehealth technology that is designed to protect your privacy.
- If you use the Internet for telehealth, use a network that is private and secure.

- There is a very small chance that someone could use technology to hear or see your telehealth visit.

How much does a telehealth visit cost?

- What you pay depends on your insurance, but a telehealth visit will not cost any more than an office visit.
- If your provider decides you need an office visit in addition to your telehealth visit, you may have to pay for both visits.
